

SAFETY MANAGER – Power Plant

This position is to assist our clients to minimize the risk of job-related accidents and ensure OSHA compliance. You will monitor operations to eliminate hazardous activities.

Safety coordinators should be well-versed in OSHA compliance. The work will be focused on prevention, so you need to be diligent and analytical. This position possesses a keen eye for detail and a sensitivity for potential dangers.

The goal is to support the creation of a healthy and safe workplace.

Requirements

- Must have 5 years hands-on relevant work experience in a manufacturing/construction setting.
- Power plant experience
- Electrical background is preferred but not required
- Must possess at minimum, valid OSHA 500 certification. Must have current CPR and First Aid Certification.
- CHST, DEGREE in Safety is preferred.
- Bilingual is preferred but not required.
- In-depth knowledge of OSHA guidelines and practices Experience in daily reporting to management
- Experience in implementing OSHA training programs. Proficient in MS Office
- Excellent communication and advisory skills Must have a current, valid driver's license.
- Must be eligible to work in the United States

Responsibilities

- Ensure workers and the general public are kept safe from harm
- Conduct field safety/audit inspections
- Suggest to workers proper safe work practices
- Identify and coordinate safety improvement plans to ensure the continuous improvement of
- safety in new and existing products, processes, and procedures
- Enforce OSHA policies (e.g., accident reporting process)
- Maintain and apply knowledge of current health and safety policies, regulations, and industrial
- processes
- Identify and correct potential hazards by inspecting facilities, machinery, and safety equipment
- Maintain all OSHA required programs, training, logs, records, and reports
- Partner with Client in accident investigation procedures

- Keep records of safety-related incidents and propose corrective actions
- Other duties may be assigned per project as required

Work Availability

- Must maintain regular and acceptable attendance at such levels as is determined by management.
- Must be available and willing to work such weekends and holidays as the employer determines are necessary or desirable to meet its business needs.
- Physical Demands
- The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.
- While performing the duties of this job, the employee is frequently required to stand; walk; sit; use hands to touch, handle, or feel; talk or hear; and climb stairs and/or ladders. The employee is occasionally required to reach with hands and arms; climb or balance; and stoop, kneel, crouch, or crawl.
